HTML CSS JavaScript React.js Redux

Chakra UI JSON Server

- We are a travel agency dedicated to providing you with an incredible travel experience. Find affordable tickets to your dream destinations and embark on your next adventure with us.
- Sorting options for easy navigation through travel options. Filtering to help you find the perfect travel package. Pagination for browsing through a wide range of destinations. Add to Cart functionality to save your preferred packages.
- Utilize Redux for efficient state management, ensuring data consistency throughout the application. Handle complex application states, such as cart management and user authentication. Create a cart system that allows users to add, update, and remove items before placing an order.
